Measure: responses and aggregated ratings

Experience roadmap. Module availability and integrations confirmed at booking.

Make every visit count.

A different experience for each business. A clear action to measure.

CAFÉS

Bring customers back.

Issue a return voucher after a visit. Track verified redemptions.

RESTAURANTS

Make visits memorable.

Offer a keepsake or quick feedback, with an optional return offer.

QSR

Make waiting useful.

Run a short quiz, promote a menu item and issue an offer.

HOTELS

Welcome guests.

Create a personalized souvenir or guide guests to local services.

RETAIL

Help shoppers choose.

Recommend products by preference or personalize a gift insert.

BRANDS

Activate across venues.

Run a sponsored experience and track participation across locations.

Illustrative customer journeys. Verified sales or redemptions require validation or integration.

One device.
A connected network.

M9X is building a network of programmable experiences across Saudi Arabia.

01 / M9X

Own and maintain

M9X owns and maintains devices in the sponsored network.

02 / VENUES

Host and operate

Trained venue staff operate the experience.

03 / BRANDS

Subscribe to locations

Book one or more venues for at least three months; agreed prints and maintenance included.

The experience behind ONE MOMENT.

Our founders have delivered technology and brand experiences for 300+ brands, with 15+ years of collective experience across technology, MarTech, AdTech, robotics and hardware.

Selected brands from the founders' previous work, not current ONE MOMENT subscribers.

Choose how you deploy.
